

8"
1.5" PVC pipe
or 50D metric
1.9" OD
(gauge opening is 2" or 51mm)

7"
2" PVC pipe
or 60 DIN metric
2.375" OD
(gauge opening is 2.5" or 63mm)

3" 2" 1" 0
2.5" PVC pipe
2.875" OD
(gauge opening is 3" or 76mm)

Print on heavy paper or card stock, or print and glue sheet to cardboard.
Cut so that sheet has go/no-go slots as shown above. Measure pipe sizes using slots.

When printing from PDF, be *sure* to select the "Print actual size" option
in your printer menu, and, before using, check slots with a ruler; not
all printers will hold the dimensions correctly.

Pipe size corresponds to the SMALLEST slot which fits over pipe.
